

STUDIOTECH's main business is engineering, distribution/sales, installation and after-sales servicing of broadcast and professional audio/video equipment. The company also designs and installs turnkey projects such as recording/mixing studios, editing suites and mobile OB units.

Vacancy for IT Specialist

Studiotech Belgium is seeking an IT specialist based in our Brussels office, with a real passion for IT-centric technologies and operational models within a broadcasting environment. Willing to travel as required.

Qualifications:

- Applicants for this post should have a Master's degree, a Computer science degree or equivalent qualification in a relevant IT discipline
- Minimum two years' experience as an IT Engineer in the audiovisual field
- Technical experience with audiovisual equipment for post-production and broadcast studios, specifically for network engineering dedicated to professional audiovisual systems
- Experience in field operations including mobile trucks, satellite, microwave and IP news gathering technologies is a plus
- Bilingual French/English is required, intermediate knowledge of Dutch is an advantage

Duties:

- Implement solutions and an IT architecture in the audiovisual and broadcast fields
- Develop new workflows designed to improve quality and reduce flaws
- Intervention and ability to maintain good operational conditions for the computer system in production
- Oversee operation of IT infrastructure, networking, servers, desktops and remote sites
- Defining, implementing and managing IT service projects from conception to final delivery including the planning of maintenance and user support
- Analyse and resolve users' technical infrastructure concerns
- External and internal user support

Profile:

- Proactive and motivated
- Sense of responsibility, able to take initiative, flexible and punctual
- Able to work alone or in a team
- Able to multi-task and transition between concurrent projects
- Must be able to travel within and outside Europe

Offer:

- Pleasant, dynamic working environment in an open-minded company culture
- Attractive remuneration package commensurate with skills and experience

If your experience matches our challenge please send your CV with a covering letter stating salary expectations to jobs@studiotech.be
